Professional Summary

Versatile Software Engineer with 1 years of Experience in MERN stack technologies. Proven track record of developing scalable web applications, cloud development, and implementing complex software solutions.

Technical Skills

- **Frontend:** React.js, React Native, Redux, JavaScript (ES5+), HTML5, CSS3, Electron js (Learning)
- **Backend:** Node.js, Express.js, REST API, MongoDB, PostgreSQL, JWT, Bcrypt js
- **Testing:** Selenium, Postman, Jest, API Testing
- **Programming:** Java (Core), C#
- **Tools:** Git, Docker, C-Panel Hosting, Agile/Scrum , Render, Chrome DevTools
- **Other Skills:** Socket io, payment Gateway (Stripe,Razorpay)

Professional Experience

Full Stack Developer | Sai Skill Technology Pvt. Ltd. (SSTPL), New Delhi

May 2025 - Present

Key Projects & Contributions

1. SSTPL Official Website (MERN • JWT • Payment Gateway • C-Panel Deployment)

- Developed and deployed the official SSTPL website using React, Node.js (ES5), Express, MongoDB, JWT, and bcrypt.
- Integrated Razorpay payment gateway, protected routes, and secure authentication flows.
- Designed a responsive UI using Stitches/Tailwind, optimized for SEO and corporate-government representation.
- Built a Demo Exam Module showcasing SSTPL's assessment services.
- Managed full deployment lifecycle on C-Panel, including backend hosting and build optimization.

2. Percepto - Corporate & Custom Exam Platform (MERN • RBAC • QR-Secured Certificates)

- Engineered a scalable exam platform supporting corporate assessments and client-specific exams.
- Implemented Role-Based Access Control (Super Admin → Admin → Candidate) with complete CRUD features.
- Built Demo Admin Trial System (3 demo admins/month) with automated access restrictions.
- Generated QR-verified PDF certificates, enabling instant authenticity checks.
- Developed modular UI and optimized REST APIs for high-volume exam activity.

3. HRM + CRM System (MERN • RBAC • Payroll • Secure Comms)

- Built an integrated HRM + CRM suite covering:
 - Attendance & leave
 - Payroll, salary slips, and monthly statements
 - Task assignment & performance tracking
 - Encrypted internal messaging (Admin ↔ Employee, Employee ↔ Employee)
- Added permission hierarchy, duplicate prevention using unique :id, and Super Admin controls to lock/unlock accounts.
- Designed secure backend architecture supporting SSTPL's internal operations.

4. Dynamic Portfolio Website (MERN • Admin Dashboard • Tailwind)

- Created a fully dynamic MERN-based portfolio with admin-only access via .env credentials.
- Enabled real-time editing of experience, projects, education, and personal data.
- Integrated resume download, responsive layouts, and card-style UI with Tailwind.

5. UI-Focused MERN Website (Work in Progress) (Tailwind • React)

- Developing a modern, animation-rich MERN website focused on clean UI/UX and Tailwind components.

Full Stack Developer Intern | Graphketing, Noida

Jan 2025 - Apr 2025

- Contributed to React Native development for mobile apps Kipinn and Flatmate (live on Play Store).
- Built reusable components, screens, and integrated REST APIs for real-time features.
- Coordinated with US-based clients for requirement gathering, sprint planning, and delivery.
- Improved mobile performance and UI consistency across Android devices.

Education

Master of Computer Applications (MCA) - Jamia Hamdard University, New Delhi (2021-2023)

Bachelor of Computer Applications (BCA) - GGSIPU, New Delhi (2017-2020)
